A performance fee of \$300 payable to Santa Barbara Festival Ballet is due on or before the audition. The performance fee covers all coaching and provides the only opportunity in southern California to perform Nutcracker with a live orchestra. The fee covers participation in the program regardless of number of roles a dancer may receive.

Please bring a recent photograph size 4x6, with hair up, showing the dancer from the waist up, with your registration form

The audition will consist of a regular ballet class appropriate to the level and dancers should arrive with proper ballet attire. Students may also be asked to demonstrate some acting ability, especially for the party scene.
